

Rod Bailey presents

"Cultivate"

Do You Want Material, Spiritual, and Health Blessings?

Then Learn How to Cultivate!

Next Sunday Health Seminar, Sunday, July 23, 2017.

Rod will reveal how even the 'brownest thumb' can become a 'green thumb' growing their own veggies and fruit packed full of vitamins, minerals, flavour and fibre in both limited and larger home garden spaces.

Rod is the Agriculture Director at Eastward Missions. Since he last ran a STL Sunday Health Seminar (Growing Healthy Food for Healthy People) Rod, Desley and 3 of their children have started a market garden ministry near Port Macquarie, NSW.

For the last 18 months they have been organically growing a wide range of veggies to sell at a weekly food market and to home delivery customers. Their produce is in demand

Rod has been inspired by the members of the Adventist Agriculture Association. He is keen to share what he has learned at the recently held AdAgra 2017 Conference in Florida, USA.

- The very latest ideas for successful smaller or larger home gardening projects.
- New tools to use.
- How to make your garden a ministry to your neighbours.

Eastward Missions will be hosting an agricultural conference in Australia.

When: Sunday, July 23, 10.00 am to 2.30 pm

Where: Steps to Life, 15 Industrial Park Dve, Lilydale

Registrations Essential: Please register by no later than Tuesday, July 18 (03 9739 4093) - \$ 24.
